

Letter of Recommendation

I am happy to recommend Pablo Morilla Cabello, who was employed by us at Elektroautomatik AB as a Robot Programmer during the period 2024-04-29 – 2026-06-18.

During his employment, Pablo Morilla Cabello worked with robot programming, simulation, and commissioning of both virtual and physical automated production solutions. The work included developing and optimizing robot programs and contributing to efficient, high-quality and fully customized automation solutions.

Pablo Morilla Cabello has demonstrated strong technical skills, great commitment, and a professional approach to all assignments. He is structured, solution-oriented, and able to quickly adapt to new technical challenges and working methods. The quality of the work delivered has consistently been of a very high standard.

In addition to his technical competence, Pablo Morilla Cabello has been appreciated by colleagues for his positive attitude and strong cooperation skills. He has been a valued member of the team and has contributed positively to the working environment.

We have been very satisfied with Pablo Morilla Cabello and can highly recommend him for future employment.

Sincerely,

Malin Landin

Vision & Robotics Manager
